

NRTC AFFILIATE RIGHTS

The National Rural Telecommunications Cooperative (NRTC) holds distribution rights to nearly all of the channels transported by Avail-TVN. NRTC has advised Avail-TVN that it will sub-license such rights to Avail-TVN customers, provided that such customers qualify for membership in the NRTC and meet any programmers' requirements. Such sub-license would be directly between the NRTC and the Avail-TVN customer.
